

Corporate Partners 2024

Membership
and Benefits

Imagine a child robbed of the simple joys of movement, a teen unable to play sports, or a young adult struggling with daily tasks — all due to a debilitating illness called juvenile myositis.

But there's a future where these children can play, these teens can compete, and these young adults can thrive.

**Cure JM's Corporate Partners
are making that future possible.**

Together, We Are Making a Difference

Cure JM is a network of families and volunteers. In 20 years, Cure JM has:

- **Connected and supported** 3,000+ highly-engaged and enthusiastic families and patients
- **Created the Cure JM Clinical Care Network** with 33 leading Children's Hospitals (and growing)
- **Established 20 chapters**
- **Invested over \$25 million** in research and collaboration
- **Funded more than 212 research studies** to improve treatment and care for patients
- **Advanced 10 clinical trials**
- **Given hope to children and young adults**, so they can dream of a better life and a cure!

Imagine a future free from Juvenile Myositis. Make it a reality.

Cure JM Corporate Partners play a vital role in advancing research and care for children impacted by this debilitating disease.

Join us and make a tangible difference — for children right in your own communities.

“I have never met a group of researchers, families, and friends more passionate and committed to their mission than the Cure JM community.”

David J. Chang, MD, MPH, FACR
Chief Medical Officer, Cabaletta Bio
